

Duplex penthouse with garden and pool for sale in Can Pei, Sitges

Ref: CM1028

Sitges

Carolina Martí presents this duplex penthouse with a garden and pool for sale, located in the Can Pei area, Sitges. The total area of the property is 180 m². Entering the house, we are received in a cozy hall that connects with the main living room of the house, the guest bathroom and the kitchen. The kitchen, renovated a few years ago and with all relevant appliances, connects to the 7 m² laundry room, which connects to the outside. The electrical installation was recently renewed. The living room of the house is very spacious, and connects to the private garden, which has two large windows as protection measures that give the house ample natural light. The garden is maintained weekly by the community of neighbors. On the upper floor there are three bedrooms (one of them 'suite'), and two full bathrooms (both with bathtubs). The two single rooms share a terrace with mountain views, while the 'suite' has its own terrace with sea views. The floors of the house are primarily marble, and in some cases we find parquet floors. There is the corresponding air conditioning, heating, and number of fitted wardrobes. If you want to rest in a private duplex, without noise, with a private garden, and a huge pool for hot weather, this is undoubtedly your ideal apart...
